

## Hanamon® from Dataworks Now Available on SAP® Store

*By integrating with SAP HANA®, the Hanamon solution from Dataworks helps customers stably operate their entire SAP HANA system through real-time health monitoring and analysis*

**Seoul, Korea — July 7, 2021** - Dataworks today announced that its [Hanamon solution](#) is now available on [SAP® Store](#), the online marketplace for SAP and partner offerings. The Hanamon solution integrates with SAP HANA® and delivers a powerful and useful database monitoring solution to customers.

"We are extremely pleased to announce that Hanamon is now available on SAP Store," said HeeSeon Park, chief executive officer at Dataworks. "Hanamon, our state-of-the-art database monitoring solution integrated with SAP HANA, can be used with SAP S/4HANA®, SAP BW/4HANA®, or a custom-purpose analysis system run on SAP HANA, to yield a more stable and efficient operation. By offering our solution on SAP Store, we open it up for access not only in Korea, but around the world."

The Hanamon solution monitors the overall operation status of the SAP HANA system in real time, including the system infrastructure area (CPU, memory and disk usage status) and transaction execution status (connections and threads). It also intensively analyzes the operation history data specific point in time when failures and problems occur, and provides various functions to quickly identify the cause of the problem and take action. The Hanamon solution runs on SAP SQL Anywhere.

Features of the Hanamon solution include:

### **Dashboard**

- Customize a monitoring screen
- Identify system problems more quickly

### **Timeline**

- Analyze the past execution history
- Prevent recurrence of the same problem

### **Alerts and Report**

- Take action immediately on alerts for SAP HANA
- Reduce tasks for the database administrator operating the SAP HANA system

SAP Store, found at [store.sap.com](https://store.sap.com), delivers a simplified and connected digital customer experience for finding, trying, buying and renewing more than 1,800 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated solutions they need to grow their business. And for each purchase made through SAP Store, SAP will plant a tree.

Dataworks is a partner in the SAP PartnerEdge® program. As such, it is empowered to build market and sell software applications that supplement and build on SAP software and technology. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.
